A hoy everyone! Another month has just flown by and the deadline for writing this article did not come at a convenient time; I am restoring a maple butcher block table—in the kitchen. The recent weather forecast for the Sierra was for snow and it looks like it snowed in my kitchen. I guess I should have hooked up the shop vac to that little hose thing on the sander. Even though it is not convenient now I will do what is expected and write this article.

I think that is what the membership is going through too—and signing up for Friday socials, brunches, and Halloween Dinners, is not convenient just now. I shouldn't have to lean on members who need to make up service credits or do a hail-mary all member mass email to staff a Friday social. For Club events to continue all of us members need to step up and volunteer or events will be cancelled. Vice Commodore, **Bret Clark**, will be talking about the vacancies in Time To Sign Up in his article.

Despite the shortage of volunteers for future events, this last month there was a potluck, an Ocean Race, a Wet Wednesday, and a brunch.

I can't report on the potluck and the Ocean Race, but I did attend the Wet Wednesday and the brunch.

Both events were at risk of being cancelled for lack of volunteers for some of the tasks but because members stepped up they were successful.

Director **Matt Farmer** stepped in for Power Fleet Captain, **Mike Ginn**, as OD for the September Wet Wednesday and even though it was not wet, at least not on the water, 15 people enjoyed a lasagna, Caesar salad, garlic bread, and cookie dinner prepared by **Lee** and **Debbie Swenson** and **Ken** and **Sharon McDaniel**. Members **Jim** and **Jan Smith** helped with the bar and clean-up. Our last Wet Wednesday on the water is usually in October. Hopefully we can muster a couple of boats for one last time for the year.

I seemed to be challenged in the kitchen—my sawdust dilemma at home

and at the Club I signed up to cook brunch in September. Up until a week before the brunch there were no Cooks, and we would have to cancel otherwise. With a lot of help from **Brenda Noakes**, **Terry** and **Phil Whitney** setting up, cooking and doing the dishes, **Steve DeRose** and **Mark Plassard** covering the bar, and **Connie Bruton** helping with Clean-up we had brunch. **Michael Dobrzensky** captured the moment. (Photo below)

Bill McInerney was OD for the brunch and helped make the event a success. You probably did not know that when you go to get a roll of paper towels, or any other dry good in the Clubhouse, it has been Bill that keeps things stocked. Thank you Bill, we're going to miss you on the Board next year.

Maybe now would be a good time to mention that for events with meals, most of them are prepaid through the Member's Section page on the website, but all meals are shared costs and everyone, including help, pays their share of the cost of the meal.

Be sure to see THANK YOU SLYC VOLUNTEERS in the Foghorn.

Don't forget your Responsible Beverage Server (RBS) certification to satisfy the requirements of the Department of Alcoholic Beverage Control will be expiring sometime in the next year or so. Certificates are good for three years. We will all have to be recertified prior to the expiration date to remain valid. Hopefully we will all get recertified so we can all work behind the bar at Club events and keep things going.

The snow in the Sierra has all melted, but the sawdust in my kitchen isn't going anywhere.

A hoy everyone!

Time to Sign Up:

We started off the year with plenty of people volunteering for duty. This has resulted in no activities being cancelled so far. As I look into October and November, however, there are several openings that have yet to be filled. Please check out Time to Sign Up and sign up for open slots. This is especially true if you have not volunteered twice this year. If everyone did just their two service requirements, we would have more than enough coverage for all of our events. That being said, if you see an opening and you already have completed two or more services, please consider filling it. I would hate to have to cancel an event due to lack of volunteers.

Finance Committee Update:

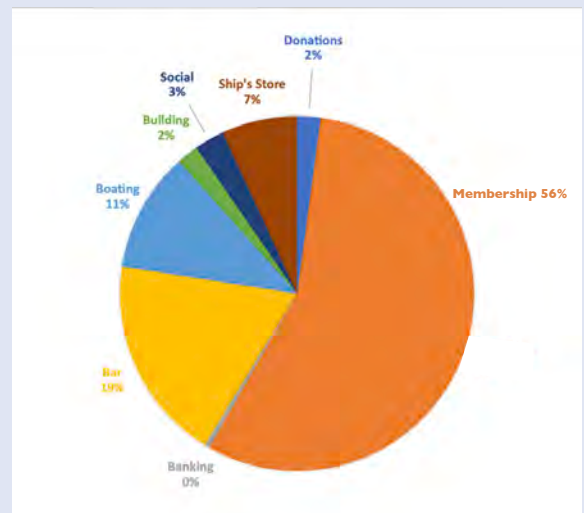

The Finance Committee has met several times during the summer to make recommendations to the board regarding the general fiscal shape of the club. This year's Finance Committee was composed of **Kristen Rasmussen, Ron Pigeon, Jack Luxton, Dan Cashier, and Bob Hurd**. The Committee analyzed the past year's income and expenditures. In 2023, our the difference between our income and expenses was \$59,207. Based upon our year-to-date analysis in 2024, we expect to once again have a net positive difference. This is good news given that there are several Capital Improvement Projects on the horizon, including the Galley Refresh project. This project alone (which will begin in January 2025) has a budget of \$80,000. We also analyzed all future Capital Improvement Projects. Based upon this analysis, we believe that the \$302,323 that we have in assets will cover the costs associated with these projects as well. I have included two pie charts below which describe how we generate revenue and what we spend our revenue on.

As you can see from the Income pie chart, the largest source of income is in dues. Although the bar, boating, and ship's store make up a significant percentage of revenue, they also have expenses associate with them.

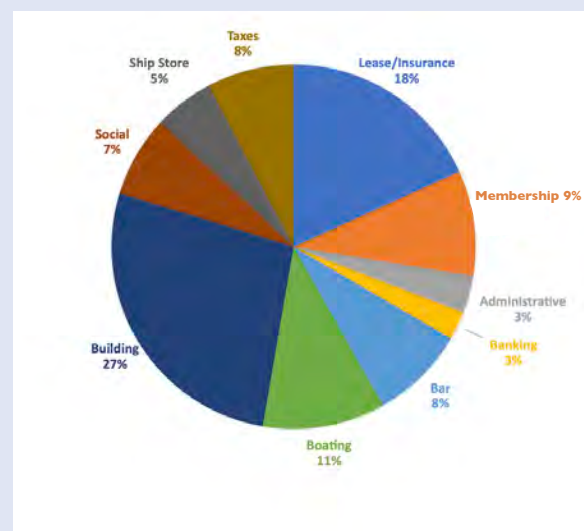

Looking at the Expenses pie chart, our building expenses and lease and insurance make up the largest portion of our expenses. These areas have also been the most affected by high inflation during the past three years. We have made efforts to ameliorate increases by analyzing our expenses and making changes when possible. This has resulted in savings of over \$10,000 per year.

The Finance Committee made the following recommendations to the board during it's September board meeting which were accepted:

SLYC 2023 Income

SLYC 2023 Expenses

Greetings fellow Club Members!
It’s been a busy summer with a lot of club and boat maintenance. Some of our new members, like **Lily and Jason**

Curtis, did onboarding activities reviewing club mechanical systems and helping with Chase boat maintenance. (Pictured below) Lily and Jason helping with engine and oil checks on Chase boat. Also, recently **Marty Fuller** replaced the worn shrouds on our club sailboat, “Second Wind.” That’s Marty climbing up into the spreader bars on the mast to install the new shrouds! Marty also recently rebuilt the port winch on Second Wind after it failed during a Wet Wednesday sail. Give Marty, Lily and Jason a big thank you, next time you see them. It’s volunteering like this that really makes our club so special. Sign up or reach out and volunteer, you will get back way more than you give.

Cheers,
—Pat 

Cruising News

by Kristin Rasmussen,
Cruising Captain

A hoy SLYC Members.

When you have charted your course, hoisted the sails, and secured the galley, the diesel engine is shut off and all you hear is the wind and the boat moving through the water—That’s how the weekend, 2-night, trip to Santa Cruz Island started. It was perfect.

It became a little less perfect as the wind and sea increased. The conditions at our first anchorage on Friday afternoon, Prisoner’s Harbor, was more windy than ideal, but we fixed that. We moved around the end of the island to Yellowbanks and its shelter from the wind. With incredibly clear water and a clean sandy bottom we could see rays as they buried themselves in the sand under the boat and a great numbers of pyrosomes (think pickles of the sea). We had excellent conditions for kayaking and paddleboarding. While we had wind on the Friday out to the island the Sunday

trip back to Santa Barbara was the opposite, still and flat. This did provide excellent dolphin-watching conditions.

Thank you, **Marty and Lettie Fuller** on “Amigos”, **Michael Dobrzensky** on “Wind Star” and **Kevin Williams** on “Voyager II” for making this trip possible for all of us.

By the time you read this the last of the 2024 Cruising Events has already happened and now we are planning for 2025. If you have any suggestions or thoughts about a cruising event for 2025 please share them with me. The “big” trip next year is the group cruise to the BVI at the end of March. At this time I expect we will have at least 5 boats. I’ll be having a 2025 BVI Trip meeting sometime in October, so keep your eyes and ears open.

See you on the water.
—Kristin

All bar hosts and/or anyone who checks ID's, serves alcohol, serves as a cashier, manages, or trains those who are responsible for alcohol-related duties, must complete a California State Responsible Beverage Service Training (RBS) course.

Your training course must include the successful completion of an Alcohol Beverage Control (ABC) administered RBS exam. **The certification requirements for AB 1221 must be renewed every 3 years.**
